

STAKEHOLDERS EMPOWERMENT SERVICES

A place which helps you succeed and to touch the sky,
It gives you wings if you wanna fly,
A home away from home, filled with laughter and fun
Sometimes its harsh and will make you burn
So you will glow like a brightest star
Shine uncontained, reaches wide and far
Sometimes it is hard hitting like hell
But that is the process to shine you like jewel,
Discussion starts here with a "thunder bell",
It wakes you up and out from your nutshell
Here "white board" listen, markers speak and the thoughts conveyed,
Ruler is a "hunter" and also the sign of "Well Played"
Here we see honesty and integrity is still the key
Here none of us is "me", everyone is "WE"
To balance equilibrium, we have two opposite poles
Both gives us the right direction to achieve true goals
It's a pleasure to work under two great shelters
Scolding is also a part of their love and care
They "empower" the surroundings with "good governance" at heart
To convert a coal into "Diamonds" is all their art.
